No. 486/XI—D.T.—24.—THE following draft of revised rules which it is proposed to make for the Hathras municipality, in exercise of the powers conferred by section 298 of the United Provinces Municipalities Act, 1916, in supersession of the rules published with notification no. 59/XI—166, dated March 29, 1929, is published, as required by section 306, and section (1), of the said Act, for the information of persons likely to be affected thereby, and further to give an opportunity to persons likely to be concerned by it of forwarding their views to His Ministers, on or after the 1st day of March 1931:

Any objection or suggestion which may be received by the Secretary to Government in the Municipal Department from any person, with respect to the draft rules before the 1st day of March 1931, shall be considered by the Governor, acting with his Ministers:—

considered by the Governor, acting with his Ministers:—

Draft rules for the assessment and collection of the terminal tax in the Hathras municipality.

1.—In these rules the expression "taxable goods" shall mean, and shall include, the goods or articles which are liable to be taxed by the Municipal Board of Hathras, as defined by the Municipal Board of Hathras, 1929, as amended by the Board of 1930.

2.—Goods arriving at the railway station, or goods intended to be transported by rail or road or to be exported therefrom, or rail until the tax leviable thereon, or to be transported thereon, has been paid at such places and to such persons or authorities as the tax committee appointed by the Board for the administration of the tax shall from time to time appoint in this behalf.

The person or authority receiving the tax shall furnish the importer or exporter with a receipt in duplicate for the amount of the tax paid.

3.—In case when the terminal tax is collected departmentally it shall be the duty of the importer or his representative to take or send the railway receipt of dutiable goods consigned to him by railway with a written declaration of the details of the consignment to the terminal tax barrier when the duty payable does not exceed Rs. 5 for collecting terminal tax and thereafter to the tax office when it exceeds Rs. 5. On barrier or tax office as the case may be the railway receipt and the declaration shall be abstracted into a railway receipt register to be kept in form 52. The railway receipt will be stamped with municipal stamp and returned to the importer to enable him to take delivery of his goods from the railway. The declaration shall be stamped and filed at the tax barrier or the tax office as the case may be. The terminal tax due will have to be paid at that very moment for which a receipt will be issued in form 46 or 53 whereby the importer will take his goods from railway godown to the city after having shown the same to maharir in charge of terminal tax barrier.

- (1) It shall be the duty of every person exporting goods which is liable to payment of terminal to send or give (at the time of taking goods to railway station godown for export) a written declaration wherein full details of consignment are given with its weight and luggage as well as the name and address of the exporter and importer to the maharir in charge of terminal tax barrier when the duty payable does not exceed Rs. 5 and get it checked by the maharir. If the duty exceeds Rs. 5 then it shall be the duty of the exporter to produce the aforesaid written declaration at the tax office where a tax will be collected under the supervision of tax inspectors and receipt will be given in form 52 by means of which the goods will be taken to the railway godown for export. The same checked by the tax barrier maharir. And when the railway receipt is obtained then it will be produced for its comparison with written declaration either at the barrier or tax office where the tax has been collected. Here the receipt will be abstracted in the railway receipt register. Should on comparison the weight entered in railway receipt is found exceeding that entered into the declaration the terminal tax will be collected on it for which receipt in form 46 will be given.

If the duty leviable exceeds Rs. 5 then it shall be the duty of the exporter to produce the aforesaid written declaration at the tax office where a tax will be collected under the supervision of tax inspectors and receipt will be given in form 52 by means of which the goods will be taken to the railway godown for export. The same checked by the tax barrier maharir. And when the railway receipt is obtained then it will be produced for its comparison with written declaration either at the barrier or tax office where the tax has been collected. Here the receipt will be abstracted in the railway receipt register. Should on comparison the weight entered in railway receipt is found exceeding that entered into the declaration the terminal tax will be collected on it for which receipt in form 46 will be given.

The receipt of such goods whereon the terminal tax has been collected at the tax office under the supervision

of tax inspectors will be given at the tax barrier at the time of taking goods from the godown to the city or from city to godown. After satisfying himself that the goods agree with the details entered in the receipt it shall be the duty of the maharir to fill up the third foil of the receipt, tear it off and retain it to be sent to the tax office at the end of the day. He shall hand back the second foil with blank coupon attached to it to the importer or exporter.

- (3) Should the goods are not taken delivery of in time and eventually they are auctioned by railway authorities the buyer shall be held to be the importer of the goods for the purpose of paying the tax.

4.—If any question arises as to the class in the schedule of the terminal tax under which any particular consignment falls, the classification adopted by the railway authorities for the levy of the freight upon that consignment shall be accepted for the purpose of the levy of the terminal tax. When an article is mentioned in the schedule specifically and is also included in a general category, the tax shall be levied at the rate mentioned for the specific item. When any article, without being specifically mentioned, is included in two or more general categories, the tax on it shall be levied at the highest rate fixed for any of those general categories if there is no invoice.

5.—No terminal tax shall be levied on goods received at railway station and re-despatched by the railway owing to delivery not having been made nor shall any terminal tax be levied on either import or export, upon articles which would ordinarily be liable to the tax, if, at the time of import, they are declared as intended for immediate exportation by rail:

Provided that—

- (a) in the case of imports by rail the articles must be re-booked within a period of two days without change of bulk and without sorting of the goods, to some destination outside the taxable area;
- (b) if the articles are re-booked with the same railway, they must not leave the station yard;
- (c) if they are re-booked with another railway a transit pass in form B, to cover the transport to the next goods yard must be applied for and the conditions contained in these rules and the pass must be observed.

Provided also that in the case of articles imported by rail and declared at the time of import as intended for immediate exportation by rail, and a transit pass is obtained in form A at the import barrier and the conditions in these rules and in the pass are observed, and the articles are booked without change of bulk and without sorting with some railway to a destination outside the taxable area within 24 hours from the time of importation no tax shall be levied on exportation.

6.—In the case of goods imported by rail into the limits of the Hathras municipality, and re-booked by the same railway without leaving the station yard within two days cross entries shall be made in the import and export lists maintained by the railway company justifying the non-levy of the tax, and the invoice numbers and particulars for both receipt and despatch shall be noted. The tax barrier muharrir will do all this in the case of collection by municipality.

7.—The transit pass in form B, referred to in rule 5 must be obtained by the importer from the terminal tax inspectors. On the receipt of the pass, the goods must be taken, under cover of the pass, to the goods yard from which they will be exported; and the number and particulars of the railway invoice under which they have been despatched will be noted on the back of the pass, which will then be signed by the clerk concerned and returned by the importer to the terminal tax office. It will be compared in that office with the counterfoil of the pass and pasted on to that counterfoil. The receiving and despatching railways or muharrir in charge of terminal tax barrier will note, on their import and export lists respectively, the number of the transit pass as the authority for the non-levy of duty on the consignment. If the pass be not returned by the importer within four days from the date of issue, the full duty chargeable upon import and export shall be levied.

8.—Goods imported by road and declared as intended for immediate exportation by rail shall be taken under cover of the pass in form A referred to in rule 5 without delay to the goods yard from which they are to be booked; and the importer shall, after having the entries on the reverse of the pass filled up by the clerk concerned, return the pass to the terminal tax office. The pass must be returned within 36 hours from the time of its issue. The clerk at the railway booking office or muharrir in charge of terminal tax barrier shall note the number of the transit pass in his export list as the authority for the non-levy of duty. If the importer does not return the pass within the prescribed period, the full duty leviable shall be charged.

9.—Where the particulars entered on a transit pass issued under rule 5 do not agree

with the particulars of the consignment as received at the railway despatching station, the despatching clerk or muharrir in charge of terminal tax barrier shall, if the difference be material, charge the full duty leviable upon the consignment and he shall return the pass to the terminal tax inspectors direct, with a note endorsed on it as to the action he has taken in the matter.

10.—Every person importing or exporting goods shall furnish correct information regarding these goods if called upon to do so by any person authorized by the tax committee in this behalf, and if the information called for is necessary in order that the goods may be properly assessed or in order to prevent or discover evasions of the tax, or in order to decide any question relating to the assessment, levy or refund of the tax.

11.—Every person importing or exporting goods shall permit any official, authorized by the tax committee in this behalf, to inspect any receipt or pass in his possession issued by the board's staff or by the railway authorities which relates to such goods.

12.—The tax committee may from time to time prescribe such forms as they may consider necessary or desirable for the efficient administration of the tax, provided that such forms shall be consistent with these rules. A copy in Urdu and Hindi of these rules and of the schedule of rates at which the terminal tax is levied shall be posted up in a conspicuous place at every barrier and at the town hall and copies shall be given to each servant of the terminal tax department employed at those places, who shall, on demand, show them to any one desiring to see them.

13.—Complaints connected with the levy of the terminal tax shall be addressed to the chairman of the board.

14.—The terminal tax shall be collected under the supervision and orders of the tax committee. The gross proceeds shall be daily deposited with the municipal cashier who will make returns to the committee daily. The income from railway will be received and accounted for monthly.

*Under section 299 (1).*

15.—A breach of rules 2, 3, 10 or 11 shall be punishable with fine which may extend to Rs. 50.

1.—In these rules the expression "terminal toll" means the tax imposed under section 128 (1) (vi) of the United Provinces Municipalities Act, 1916 and the expression "taxable area" means the area included within the limit of the Hathras municipality.

2.—No person shall bring within the limits of the Hathras municipality any laden vehicle or laden pack animal, on or in respect of which terminal toll is leviable, until the tax due has been paid to such persons and at such places, as the tax committees appointed by the board under section 104 (1) of the United Provinces Municipalities Act, 1916, may from time to time appoint.

3.—When a laden vehicle or a laden pack animal, subject to the terminal toll, arrives at one of the barriers fixed by the tax committee, the terminal toll due shall be paid by the person in charge of the vehicle or

animal to the muharrir stationed at the barrier. The latter shall make out a receipt in triplicate; he shall tender two copies to the person paying the tax, and shall retain the third as a counterfoil in the receipt book.

4.—In the case of mixed consignments the rate charged shall be the highest leviable on any article in the consignment.

5.—If the person in charge of any laden vehicle or laden pack animal declares to the muharrir at the barrier that the goods he is importing into the municipality are intended for immediate exportation by rail from the taxable area without sorting and without change of bulk, the muharrir shall, after the terminal toll due has been paid, issue a transit pass in form A appended to these rules to the person in charge of the vehicle or animal.

6.—Every person in charge of a laden vehicle or a laden pack animal shall permit the officials authorized in this respect by the tax committee to examine any document in his possession given to him by the committee's servant and relating to the terminal toll. 7.—The tax committee may, from time to time, prescribe such forms as they may consider necessary or desirable for the administration of the tax: provided that the forms so prescribed must be consistent with these rules. A copy in Urdu and Hindi of these rules and of the schedules showing the rates at which the terminal toll is leviable and the exemptions shall be placed in a conspicuous position at each barrier and at the town hall and shall be kept in a legible condition and copies shall be given to each servant of the tax department employed at these places, who shall, on demand, show them to any one desiring to see them.

8.—Complaints connected with the levy of the terminal toll shall be addressed to the chairman of the board. The terminal toll shall be collected under the supervision and orders of the committee. after having shown the same to muharrir in charge of terminal tax barrier:—

- (1) It shall be the duty of every person exporting goods which is liable to payment of terminal tax to send or give (at the time of taking goods to railway station godown for export) a written declaration wherein full details of consignment are given with its weight and luggage as well as the name and address of the exporter and importer to the muharrir in charge of terminal tax barrier when the duty payable does not exceed Rs. 5 and get it checked by the muharrir who will enter the details in the register kept for the purpose and thereafter collect the tax so due, issuing a receipt in form 46 to the person paying the tax. He will then let the goods enter into railway premises.

If the duty leviable exceeds Rs. 5 then it shall be the duty of the exporter to produce the aforesaid written declaration at the tax office where a tax will be collected under the supervision of tax inspectors and receipt will be given in form 53 by means of which the goods will be taken to the railway godown after getting the same checked by the tax barrier muharrir. And when the railway receipt is obtained then it will be produced for its comparison with written declaration either at the barrier or tax office where the tax has been collected. Here the receipt will be abstracted in the railway receipt register. Should on comparison the weight entered in railway receipt is found exceeding that entered into the declaration the terminal tax will be collected on it for which receipt in form 46 will be given.

- (2) The receipt of such goods whereon the terminal tax has been collected at the tax office under the supervision of tax inspectors will be given at the tax barrier at the time of taking goods from the godown to the city or from city to godown. After satisfying himself that the goods agree with the details entered in the receipt it shall be the duty of the muharrir to put up one of the foils of the receipt, tear it off and retain it to be sent to the tax office at the end of the day. He shall hand back the second foil with blank coupon attached to it to the importer or exporter.

- (3) Should the goods are not taken delivery of in time and eventually they are auctioned by railway authorities the buyer shall be held to be the importer of the goods for the purpose of paying the tax.

(4) If any goods fall under the rules in the schedule of the terminal tax under which the particular consignment falls, the classification adopted by the railway authorities for the levy of the freight upon that consignment shall

shall be accepted for the purpose of the levy of the terminal tax. When an article is mentioned in the schedule specifically and is also included in a general category, the tax shall be levied at the rate mentioned for the specific item. 5.—No terminal tax shall be levied on goods received at railway station and re-despatched by the railway owing to delivery not having been made nor shall any terminal tax be levied on either import or export, upon articles which would ordinarily be liable to the tax, if, at the time of import, they are declared as intended for immediate exportation by rail:

6.—In the case of goods imported by rail into the limits of the Hathras municipality, and re-booked by the same railway without leaving the station yard within two days cross entries shall be made in the import and export lists maintained by the railway company justifying the non-levy of the tax, and the invoice numbers and particulars for both receipt and despatch shall be noted. The tax barrier muharrir will do all this in the case of collection by municipality.

7.—The transit pass in form B referred to in rule 5 must be obtained by the importer from the terminal tax inspectors. On the receipt of the pass, the goods must be taken, under cover of the pass, to the goods yards from which they will be exported; and the number and particulars of the railway invoice under which they have been despatched will be noted on the back of the pass, which will then be signed by the clerk concerned and returned by the importer to the terminal tax office. It will be compared in that office with the counterfoil of the pass, and pasted on to that counterfoil. The receiving and despatching railways

or intended for clearance of terminal tax barrier will not be liable for import and export lists respectively. The number of the transit pass as the authority for the non-levy of duty on the goods concerned. If the importer does not return the pass within the prescribed period, the full duty leviable shall be charged.

9.—Where the particulars entered on a transit pass issued under rule 5 do not agree with the particulars of the consignment as received at the railway despatching station, the despatching clerk or muharrir in charge of terminal tax barrier shall, if the difference be material charge the full duty leviable upon the consignment and he shall return the pass to the terminal tax inspectors direct, with a note endorsed on it as to the action he has taken in the matter.

10.—Every person importing or exporting goods shall furnish correct information regarding the goods in relation to do so by any person authorized by the tax committee in this behalf, and if the information called

for is necessary in order that the goods may be properly assessed or in order to prevent or discover evasions of the tax, or in order to decide any question relating to the assessment, levy or refund of the tax.

11.—Every person importing or exporting goods shall permit any official, authorized by the tax committee in this behalf, to inspect any receipt or pass in his possession issued by the board's staff or by the railway authorities which relates to such goods.

12.—The tax committee may from time to time prescribe such forms as they may consider necessary or desirable for the efficient administration of the tax, provided that such forms shall be consistent with these rules. A copy in Urdu and Hindi of these rules and of the schedule of rates at which the terminal tax is levied shall be posted up in a conspicuous place at every barrier and at the town hall and copies shall be given to each servant of the terminal tax department employed at those places, who shall, on demand, show them to any one desiring to see them.

13.—Complaints connected with the levy of the terminal tax shall be addressed to the chairman of the board.

A room shall not be reserved for the secretary except with the chairman's written permission. For the purpose of priority the secretary's claim for reservation shall rank from the time at which he receives the chairman's written permission. The secretary shall maintain a register with separate pages for each inspection house showing the number of rooms in each. At the time of passing an order of reservation the secretary shall enter in the register the dates on which the room is reserved, and shall send notice thereof to the applicant and to the servant in charge of the inspection house. On the expiry of this period the occupant shall vacate the room, if required by such person, and during the period shall, if required, share it with such person.

4.—The chairman or secretary may allow any other person to occupy a room in an inspection house on payment of charges prescribed in rule 1 above on the condition that he shall be bound at any time to vacate the room when called on to do so, on the arrival of a person who is entitled under the preceding bylaws to use the inspection house.

5.—No person other than a person authorized under the preceding bylaws shall remain in any of the rooms or verandahs of an inspection house.

6.—Any person who requires the punkhas to be pulled shall pay for their pulling.

7.—It is distinctly to be understood that the right of occupation is not to be enforced without good cause. The interests of the public service demand that courtesy and endeavours to oblige should invariably be shown towards each other by persons entitled to occupy inspection houses. In cases where more such persons than the house can conveniently hold require accommodation at the same time, it is expected that they will endeavour mutually to accommodate each other, even to the extent, if necessary, of sharing the same room.
